

April 9, 2020

Dear La Salle families,

As you know, La Salle has been carefully monitoring guidance from federal, state and local officials. In accordance with that guidance, we have made the difficult decision to keep the school building closed for the remainder of the 2019-20 school year. However, distance learning will continue with teachers on a daily basis through our online instructional platform. While we are heartbroken at the notion of ending the year without being together, we believe we must take this necessary step to mitigate the spread of COVID-19 and potentially assist in saving lives in our community.

Where possible, we will try to celebrate student accomplishments in a safe manner. To that end, the School Leadership team is looking into the possibility of rescheduling the 8th grade promotion activities and end of the year Achiever's Day program. We will continue to follow guidance from local health and government officials as we make those decisions, keeping the best interest of the health and safety of our students, staff, and communities as our priority.

Knowing that our connection with our families is crucial right now, along with our online learning platform we will be adding "check and connect" sessions with the school leaders, continue the provision of social-emotional and wellness supports, and grab and go meals.

Please know that we are here for you and will continue to provide the compassion and consistency our students need at this time. We will also continue to add resources to our [Coronavirus Update](#) page found on the School's website as we navigate this unprecedented time together.

Continue to be well and stay safe,

LaShanda R. Boone
Head of School
